Gary/Chicago International Airport completes Runway 12 expansion

On June 25, 2015 at 6:00 a.m. CST, the Gary/Chicago International Airport opened the Runway 12 Extension as scheduled by the Federal Aviation Administration (FAA). The 8,859 ft. runway was published by the FAA notifying pilots and the industry that the runway is open and ready for use. The airport and its partners will celebrate its opening with an official ribbon cutting on July 10, 2015, and will kick-off the Gary Air Show which will take place in Miller Beach on July 11 and 12. The new expanded runway will be able to accommodate larger aircraft and access to more destinations, an opportunity to provide new economic development opportunities for the city of Gary.
